

# Computing

## **Algorithms and programming**

I can experiment with variables to control models.

I can give an on-screen robot specific instructions that takes them from A to B.

I can make an accurate prediction and explain why I believe something will happen (linked to programming).

I can de-bug a program.

## **Information Technology**

I can select and use software to accomplish given goals.

I can collect and present data.

I can produce and upload a pod cast.

## **Digital Literacy**

I recognise acceptable and unacceptable behaviour using technology.

## **Knowledge and Understanding**

I understand the different methods of communication (e.g. email, online forums etc).

I know you should only open email from a known source.

I know that websites sometimes include pop-ups that take me away from the main site.

I know that bookmarking is a way to find safe sites again quickly.

I know that personal information should not be shared online.

I know I must tell a trusted adult immediately if anyone tries to meet me via the internet.
